

SPECIAL MACHINES – Packaging

PROJECT PROFILE

Industry: Packaging

Image:

Description:

Membrane application machine.

Services Provided:

- Specifications
- Design/Engineering
- Project Management
- Concept
- Manufacture
- Installation
- Training

Major Equipment Provided:

- Product Conveyance
- Product Feed Mechanism
- Rotary Dies
- Valve Feed/Application Mechanism
- Rotary Tamping/Product Identification
- Vision System/Rejection System

Highlights:

- The system surpassed all performance and efficiency specifications
